

PRODUCT FEATURES:

- 1220mm (48") / 1420mm (56") diameter
- Quick Connect Blade System
- ABS polymer body and blades
- Power Usage: 2.7W to 35W
- Airflow: 13,250 m³/hr (48") / 14,953 m³/hr (56")
- 3 Speed wall control supplied (non-remote adaptable)

X-OVER DC

The future of DC all the energy efficiency of a DC ceiling fan, with the simplicity of an AC fan. Hunter Pacific leads the market with the introduction of the X-Over DC fan which operates on a standard 3 speed wall control (non-remote adaptable). With its contemporary design and integrating a quick connect blade system its innovative technology is sure to be the ultimate option for DC fans from Residential installations to schools and public buildings the X-Over is the Future.

Matt White

With white polymer blades
 Available sizes:
 1220mm/48" (Product code: XO300)
 1420mm/56" (Product code: XO308)

Matt Black

With black polymer blades
 Available sizes:
 1220mm/48" (Product code: XO301)
 1420mm/56" (Product code: XO309)

PRODUCT FEATURES:

- 1220mm (48") / 1420mm (56") diameter
- 18W CCT LED Light selectable by manual switch
- Colour temperatures : 3000K, 4000K & 6000K
- Dimmable using most Australian leading and trailing edge LED Light Dimmers
- 3 Speed wall control supplied (non-remote adaptable)
- Quick Connect Blades System
- ABS polymer body and blades
- Power Usage: 2.7W to 35W
- Airflow: 13,250 m³/hr (48") / 14,953 m³/hr (56")

X-OVER DC LED

The future of DC all the energy efficiency of a DC ceiling fan, with the simplicity of an AC fan. The X-Over DC fan which operates on a standard 3 speed wall control (non-remote adaptable) incorporates an energy efficient 18W CCT LED Light (selectable by manual switch and dimmable using most Australian leading and trailing edge LED Light Dimmers). With its streamline design and low energy consumption on both fan and light from small to large rooms with either a 48" or 56" option the X-Over is the answer.

Matt White With CCT LED

With white polymer blades
Available sizes:
1220mm/48" (Product code: XOL302)
1420mm/56" (Product code: XOL310)

Matt Black With CCT LED

With black polymer blades
Available sizes:
1220mm/48" (Product code: XOL303)
1420mm/56" (Product code: XOL311)

PRODUCT FEATURES:

- 1320mm (52") diameter
- Quick Connect Blade System
- ABS polymer body and blades
- Power Usage: 3W to 25W
- Airflow: 13,852 m³/hr (52")
- 3 Speed wall control supplied (non-remote adaptable)

X-OVER DC

The X-Over 4 blade DC Fan which operates on a standard 3 speed wall control (non-remote adaptable) has all the energy efficiency of a DC ceiling fan, with the simplicity of an AC fan. With its modern stylish design and quick connect blade system in a 52" size this is sure to become a best seller.

Matt White

With white polymer blades
Available sizes:
1320mm/52" (Product code: XO304)

Matt Black

With black polymer blades
Available sizes:
1320mm/52" (Product code: XO305)

PRODUCT FEATURES:

- 1320mm (52") diameter
- 18W Dimmable CCT LED Light
- Colour temperatures : 3000K, 4000K & 6000K
- Quick Connect Blades System
- ABS polymer body and blades
- Power Usage: 3W to 25W
- Airflow: 13,852 m³/hr (52")
- 3 Speed wall control supplied (non-remote adaptable)

X-OVER DC LED

The X-Over 4 blade DC Fan which operates on a standard 3 speed wall control (non-remote adaptable) has all the energy efficiency of a DC ceiling fan, with the simplicity of an AC fan. With its modern stylish design integrated energy efficient 18W CCT LED Light (selectable by manual switch and dimmable using most Australian leading and trailing edge LED Light Dimmers). Its sure to be a popular model for a large variety of applications.

Matt White With CCT LED

With white polymer blades
Available sizes:
1320mm/52" (Product code: XOL306)

Matt Black With CCT LED

With black polymer blades
Available sizes:
1320mm/52" (Product code: XOL307)
